## BASE BALL IN BRECKENRIDGE.

Cloverport Defeats Addison in  
One-sided Contest. Reds  
Give Holt a Shutout.

### HARPER PITCHES GREAT GAME.

Not satisfied with their defeat on the previous Saturday the Addison team came down last Saturday afternoon with only one purpose in view, to defeat the local team by a score of about 20 to 0. Their plans might have been carried out had it not been for the hard, battling and brilliant field work that was displayed by the home boys. Owing to the absence of regular players on both teams several substitutes were employed. As it was, when the smoke of battle cleared away, the score was 25 to 4 in favor of the local team.

Furrow and Allen were on the firing line for the home team while Hall and Chase graced the center of the diamond for the visitors. Wilson and Chase did splendid back-stop work for their respective teams.

A crowd of enthusiastic fans were on the grounds hoping to witness a hot contest, however, their wishes were granted for only three innings. During the first three innings spectacular ball was played and at the close of the third inning both teams had three runs to their credit. The rest of the game proved to be a cinch for the home boys. They hit Hall and Chase unmercifully and together with the poor fielding of the visitors the home boys easily succeeded in adding twenty-two more scores to their credit while the visitors were fortunate in getting one more man across home plate.

### Shutout For Holt.

Manager Stader's bunch of coming Reds, who have lost only one game this season, defeated the Holt Junior nine on the latter's grounds last Saturday afternoon by the score of 16 to 0. The Reds gave a splendid exhibition of how the National game should be played.

Victor Harper, a coming southpaw, pitched a splendid game for the Reds. During the whole nine innings he had the Holt boys completely at his mercy, striking out nineteen men and giving only two bases on balls. Harper was given splendid field support and one man reached third base while only two reached second. Those who were so fortunate as to get hits were put out on first by Capt. Tucker. Another feature of the game was the back-stop work which was performed by Casper Gregory. In the sixth inning with two men on bases Harper made a wild throw, Gregory jumped two feet and caught the ball with one hand, keeping Holt from scoring two men.

The Reds challenge any team for a game provided the players are between the ages of twelve and seventeen years.

### NOTES.

Wasn't it easy?

o o o

The game lasted two hours.

o o o

Lewis, a substitute, did some clever field work.

o o o

Graham did excellent work at short.

o o o

Some of the fans did their best to help Addison win the game.

o o o

Although Chase was hit hard if he had been backed up by the proper kind of fielders there would probably been a different tale.

o o o

Patesville will be in tomorrow for the third game. A hot contest is expected and a large crowd will no doubt be on hand.

o o o

Hambleton caught the fly that ended the game. McCracken, Pate and Tucker made nice hits for the Reds.

## ESCAPED DEATH.

Colored Man Shows Nerve Trying  
To Prevent Team Backing  
Over Baptist Hill.

Will Bridwell, colored, narrowly escaped death Friday morning while driving the City Coal Company's wagon. The team backed over the embankment of the Baptist church hill, turned over the wagon load of coal and threw Bridwell over the hill. Bridwell showed unusual nerve and jumped back on the wagon twice to try to control the mules, but to save his own life he had to give up in the third attempt and let the animals have their way. The wagon was torn to pieces.

## SCHOOL PER CAPITA

Fixed At \$3.60 By Superintendent  
J. G. Crabbe.

Frankfort, Ky., July 22.—The largest school per capita ever known in Kentucky has been fixed by Superintendent of Public Instruction, J. G. Crabbe, the per capita for this year is \$3.60, which is twenty cents higher than it was last year, and last year was the high water mark. The increase in school children is 4,735. Prof. Crabbe has been at work on the figures from which he computes the school per capita for some days and completed the task only late this afternoon.

The following is the statement issued by Prof. Crabbe:

The State school fund (estimated) distributed for the payment of teachers for the fiscal year ending June 30, 1909, amounts to \$2,661,667.20.

The per capita is declared \$3.60. The per capita last year was \$3.40; this year is an increase of 20 cents, hence this per capita for the year 1908-09 is the largest in the history of the State.

The school census, showing pupil children, reports as follows:

Pupils in counties..... 587,051  
Pupils in cities..... 152,301

Total..... 739,353

The school census last year was \$3,617 pupils. This year the increase is 4,735 pupils.

## Over A Hundred Years Old.

Mr. Wood Weatherholt recently brought into the News office two very interesting books that are about one hundred and seventeen years old. One is the first volume of the "Laws of the United States of America", and the other, "Acts passed at the Second Congress of the United States." They were taken from New York to Pittsburgh by Mr. Weatherholt's grandmother, Mrs. Nelvina Ryan and since then they have been handed down to the descendants. They are curiously printed but show that our father printers were good at the case. The books were made by Childs and Swaine, Philadelphia.
